BILLING CODE 7555-01-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-32380, License No. 29-28659-01 EA 95-163]

Canspec Materials Testing, Inc., Middlesex, NJ; Order Imposing Civil Monetary Penalty

I

Canspec Materials Testing, Inc. (Licensee) is the holder of byproduct Materials License No. 29-28659-01 issued by the Nuclear Regulatory Commission (NRC or Commission) on August 12, 1991. The license authorizes the Licensee to possess and use byproduct material for industrial radiography and replacement of sources in accordance with the conditions specified therein.

II

An inspection of the Licensee's activities was conducted on July 19 and 25, 1995. The results of this inspection indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. A written Notice of Violation and Proposed Imposition of Civil Penalty (Notice) was served upon the Licensee by letter dated September 13, 1995. The Notice states the nature of the violations, the provisions of the NRC's requirements that the Licensee had violated, and the amount of the civil penalty proposed for the violations.

The Licensee responded to the Notice in two letters, both dated October 11, 1995. In its responses, the Licensee admitted Violations A through D and F through H; denied Violation E; and requested that the proposed civil penalty be reduced if not dismissed.

III

After consideration of the Licensee's response and the statements of fact, explanation, and argument for mitigation contained therein, the NRC staff has determined, as set forth in the Appendix to this Order, that the violations occurred as stated and that the penalty proposed for the violations designated in the Notice should be imposed.
